THRU : Chief, Economic Research Area, ORR
Chief, Consumer Industries Branch

Missions and Functions of I/CI

REF : St/A Memorandum, ORR Mission and Functions, dated 10 January 1958

1. Attached is the suggested revision of I/CI's missions and functions. The major changes are the elimination of basic responsibility for food industry, assigned to M/Ag at the time the Consumer Industries Branch was transferred from D/M to D/I, and the specific listing of "consumer expenditure" as part of the branch's mission. No changes were made in the paragraph on functions.

2. I/CI operates with three informal sections--USSR, European Satellites, and Far East--not officially recognized as T. O. units.
